CLEAR CHARACTER – STRONG LINES

TABBERT IS
DESIGN

The TABBERT exterior design is defined by unique lines, aerodynamic shapes, premium materials as well as optimum ergonomics and underlines our commitment to the uncompromising standards of a modern luxury caravan. A clear definition that is reflected in all TABBERT series. Accents in terms of designs and colours set every model series apart, giving them an agile yet unique appearance. TABBERT caravans represent modernity and the Zeitgeist with their eye-catching style – today and in the future, combining exclusivity with lasting value. We develop for tomorrow what is possible today.

TABBERT IS INNOVATION

THE SOUND OF SILENCE

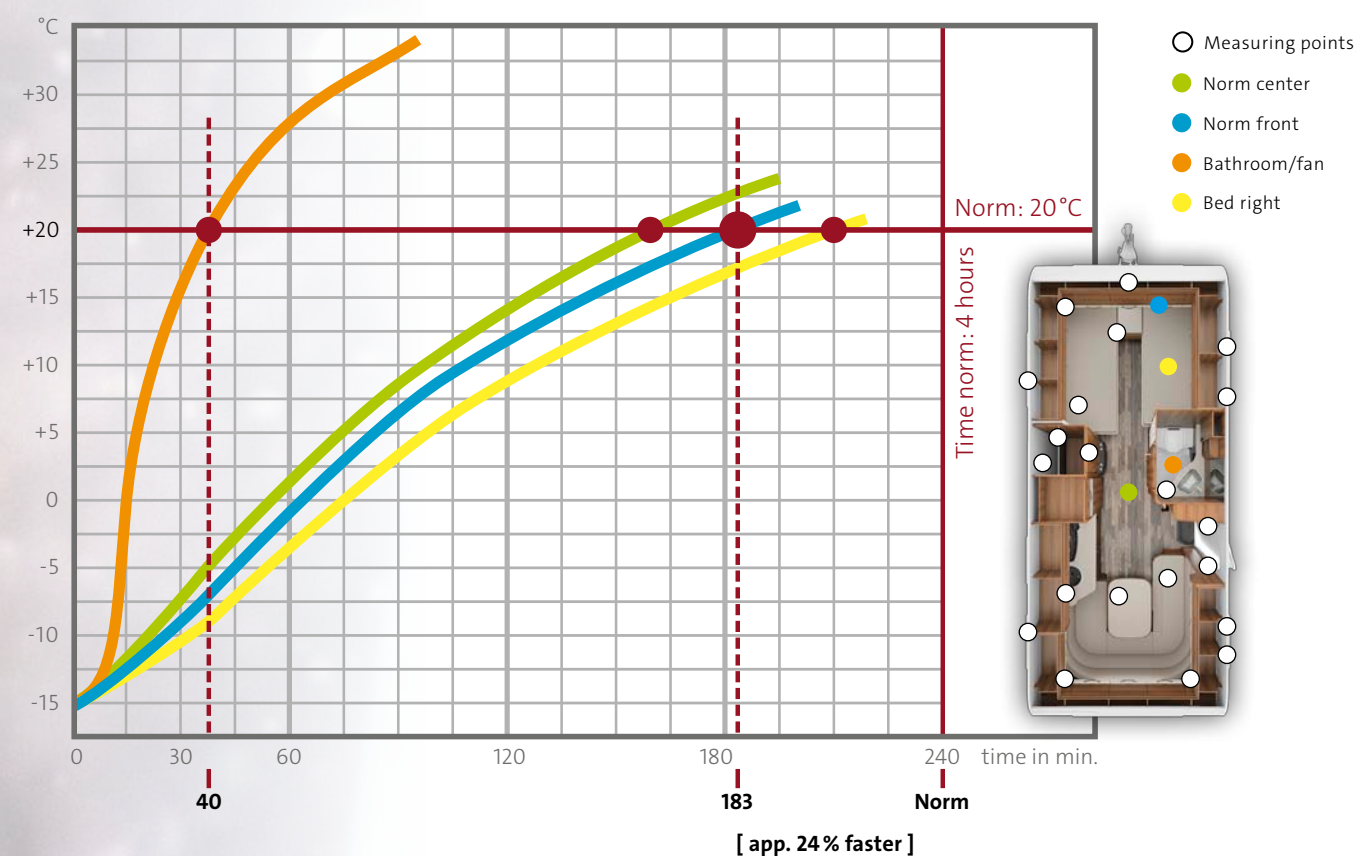

The patented TABBERT roof impresses with a range of important benefits. Probably the most important of these is its exceptional noise insulation: The difference between a normal, sandwich pressed standard roof and the 58 millimetre TABBERT design, which is almost twice as thick, goes beyond just the extra stability. In a downpour or hailstorm, the noise level is reduced by up to 9 decibels or more, making it around 1.5 times quieter. In other words, you can sleep through a night-time downpour practically undisturbed. And this is just one of many reasons why seasoned campers insist on a TABBERT.

TABBERT IS WINTER CAMPING

WARM UP FASTER, STAY COOL FOR LONGER

When the winter frost really bites, TABBERT caravans reveal their warm side. The patented TABBERT roof, the 47-millimetre thick caravan floor and the highly insulated side walls wrap around the interior like a thick blanket. The result? An interior that has been shown to warm up around 30% faster. With this temperature outlook, you are sure to reconsider your travel destinations during the cold season. After all, the clever TABBERT insulation system means that there are no limits to your excursions into snow-covered regions. By the way: What keeps you so warm in winter, keeps things cool for longer in summer.

HEATING UP FROM -13 °C TO +20 °C IN MINUTES

SHAKEN FOR 10.000 KM – BUT NOTHING STIRRED

To ensure that you continue to enjoy your TABBERT for many years, we set the strictest standards for materials and workmanship. This is just one of the many reasons why you will still encounter our models from the 1970s on your travels. That is because a TABBERT lasts a lifetime. We work to ensure this with carefully selected and extremely demanding test procedures and simulations. We deliberately seek out the most challenging road surfaces, the longest routes and circuits to test our vehicles under the most adverse conditions and at high driving speeds. You can rely on this – for more than sixty years and for the most wonderful moments of your life.

TABBERT IS
LONGEVITY

THE SECURE FEELING OF INNER PEACE

From the day we are born, we are constantly searching for protection and security. The thing that shelters us gives us the space to spend the day in peace. To ensure that you feel secure from the moment you set off, we provide our vehicles with a comprehensive range of AL-KO safety equipment. An automatic sensor system continuously monitors the movement and driving stability of your caravan. The AL-KO AAA premium brake system reduces braking distances by up to 5 metres and the AKS coupling instantly balances out any rolling and pitching movements. We give you the certainty of arriving relaxed and safe at your destination.

TABBERT IS
SAFETY

WANDERLUST IN ITS PUREST FORM: PURISM PERFECTED

Discovering nature, experiencing other cultures, meeting new people: Those who focus on the essentials while on holiday will find an ideal travel companion in the ROSSINI. Be it with pets, friends or the entire family: One of the 8 layouts of the ROSSINI will fit like a glove. Each delivers tried and tested TABBERT quality. Focussed on the things that really matter – and implemented to perfection.

COSY
COMFORT
VERY BIG

The inviting seating area in the interior is the perfect spot for discussing the events of the day. Ergonomically designed backrests offer the best seating comfort for each member of the family. And the large, elegantly shaped overhead cupboards with stylish stainless steel handles can safely hold even the largest of holiday souvenirs. Welcome. You're in good company.

ROSSINI

FOR BOTH LARGE AND SMALL APETITES

Connoisseurs and those with ambitions to become one will immediately feel at home here. A smartly designed and cleverly equipped kitchen awaits you with a modern, three-flame cooker combination incorporating a sturdy cast grate and an easy-to-clean glass cover. It is set into the large and durable marble-effect worktop. You will find everything in the right place and within easy reach.

INSIDE AND OUT – PURE FREEDOM

If your thoughts while on holiday quickly turn to far-off horizons, this is probably also due to the dimensions of the interior compartments. Open lines of sight create a generous sense of space and guarantee plenty of room for manoeuvre. You will never feel constrained in a TABBERT. The solid workmanship underscores the absolute premium level and creates in symbiosis with pleasantly light furniture finish and the modern lighting applications a welcoming atmosphere. Let your gaze set off on a journey of discovery.

ROSSINI

BREATHLESS BY DAY, HEAVENLY AT NIGHT

Sleep the way you like: For example, families can select a layout that includes spacious bunkbeds and children's rooms. A real adventure playground for kids. The oversized closet will ensure that everything is in its proper place. When it comes to adequate storage space at TABBERT, you have no need to be concerned.

A BATHROOM WITH EVERYTHING PLEASE

At the very first glance, the bathroom in the ROSSINI is a sheer delight. Standard equipment includes a modern washbasin along with the high quality designer fittings. They are supplied by an exceptionally large 45-litre water tank and a Truma Therme for hot running water. The low-noise convection heater provides heat first thing in the morning. The solid wood panelling creates an atmosphere of well-being in the bathroom.

DA VINCI

FAMILY HOLIDAYS **REDEFINED:** SETTING OFF ON AN ADVENTURE TOGETHER

Finally the holidays are here; finally, there is time for the family. What could be nicer than greeting the day together? Greeting the first rays of sunshine free of stress and having a relaxing breakfast outside with the children. Freshly squeezed orange juice, crispy bread rolls, a pleasant breeze and the children's happy laughter. And when the aroma of coffee wafts from the kitchen window of the DA VINCI, you will realise: life could not be any better.

A SIGHT AS BEAUTIFUL AS THE VIEW

Distant landscapes, blue sky and fascinating colours make the heart of every camper beat a little faster. In the DA VINCI, however, you don't necessarily have to gaze out of the windows. All the more so if you value top-quality workmanship and stylish design. Take for example the elegant shape of the overhead cupboards in "Noce Opera" with bright leather-feel applications. Or the classy glass case beside the entrance. In the DA VINCI, everyone will find their favourite spot.

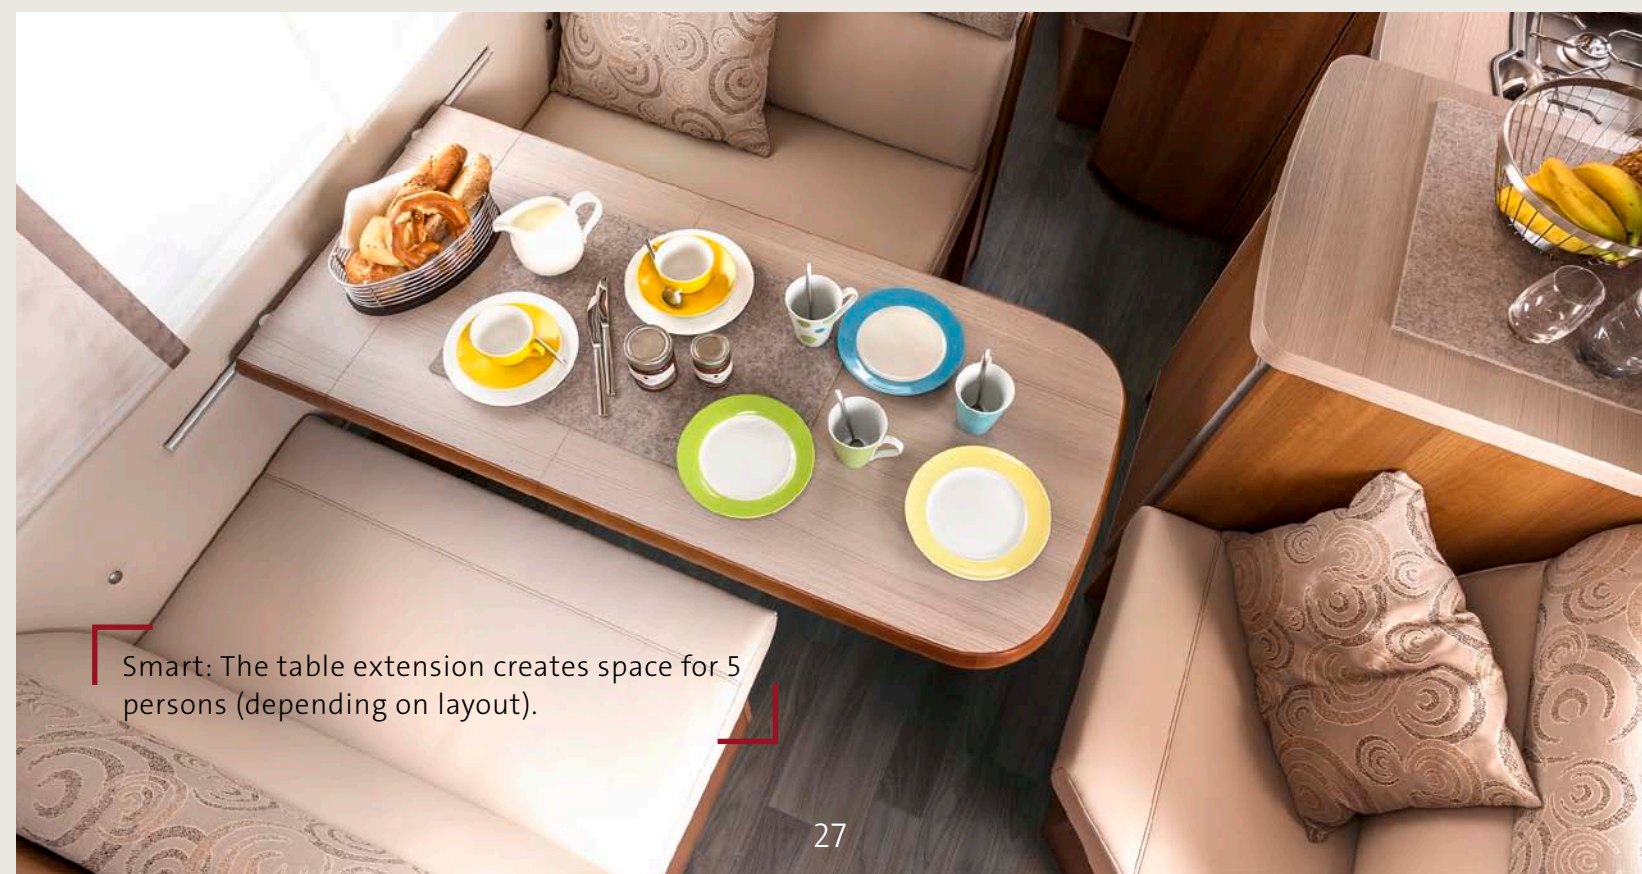

TURNING COOKING INTO A PLEASURE FOR THE SENSES

Freshly picked basil leaves circulate their unique aroma. A tasty treat for the entire family is quickly prepared. The attractive yet durable worktop provides all the space you need. Especially with the elegant smoked glass cover that transforms the cooker combination into an additional work surface. Naturally, you will also find an easy-to-clean stainless steel sink complete with designer fittings and a family-friendly 148-litre refrigerator. Bon appetit!

AT HOME IS ANYWHERE WHERE YOU ENJOY BEING

A minute ago it was a cosy nook in which to enjoy a little snack between meals. Now it is transformed into a circular seating area for a game of Monopoly with five players. The lifting table on its central support column can be raised to playing height in a matter of seconds. The extra-high backrests guarantee lasting seating comfort. And when it gets late, the optional ambient lighting bathes your DA VINCI in soothing warm light.

Smart: The table extension creates space for 5 persons (depending on layout).

THOSE WHO ARE WIDE AWAKE MUST HAVE ENJOYED A GREAT NIGHT'S SLEEP

It's wonderful when you can look forward to spending an entire sunny day with the children. The energy required is accumulated during a restful night's sleep and activated with a refreshing shower.

With excellent fittings including a large mirror and cupboards with a clever arrangement system, everyone will want to be the first in the bathroom. Of course, the practical shelves are fitted with non-slip strips to keep everything in place throughout the journey. The frosted glass window is another clever touch. It provides privacy while letting in plenty of fresh air and natural light.

Well rested: A DA VINCI spoils you with 5-zone cold foam mattresses included as standard. The rubber-mounted slatted frame features height adjustment in the foot and head area. The optional comfort sleep system satisfies every requirement. This is the most relaxing way to start the day. A good thing too, as the children are already ready for action.

DA VINCI

+ THE BENEFITS IN THE DA VINCI

With the DA VINCI, our designers and engineers didn't want to cater to role models – they wanted to cater to you. For this reason, this caravan has been crafted throughout to meet upmarket expectations. With practical solutions down to the smallest detail. For a holiday that is packed with inspiring moments.

PLENTY OF AIR, MINIMAL NOISE

The patented TABBERT roof combines optimum air circulation and temperature insulation with excellent noise damping. Naturally, with a hail-resistant GRP roof.

LAND CRUISER STYLE

Two-tone furniture décor with its tasteful chrome moulding and a special surface coating impart the sophisticated atmosphere of the luxury class.

CLEVER THINKING

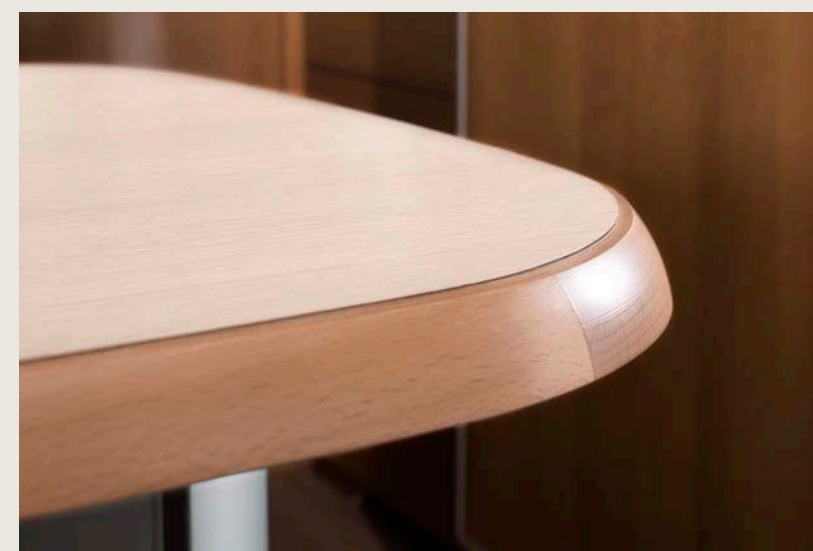

The L-shaped kitchen with two ergonomically optimised working heights offers plenty of space and all the conveniences you enjoy at home. The aesthetically curved kitchen canopy with spot lighting rounds out the accomplished kitchen design.

ELEGANT ENTRÉE

The stylish glass case in the entrance area (depending on layout) is an impressive feature.

LASTING VALUE

Solid wood edges protect areas exposed to knocks and bumps. Lasting value is a TABBERT principle.

A COMPOSITION OF
ZEST FOR LIFE:
IN HARMONY WITH NATURE

The tapping of a woodpecker in the branches overhead, the view of fascinating mountain ranges on the horizon, the clear and life-giving air that you breathe in – all of these are the rewards of an excursion into natural surroundings. The greatest of these is your exquisite holiday home – the starting point for your daily expeditions. Rejoice in the exclusive comfort of our best-selling VIVALDI – no matter where it takes you.

A GOOD **FEELING**,
OF HAVING DISCOVERED
SOMETHING
WONDERFUL

Even the seating area sends a clear signal: The VIVALDI is a caravan with character. Between the upper compartments and the optional leather furniture, there are storage compartments with elegant colour accents, which are complemented by attractive shelving systems in the corners. Here, everything is within arm's reach and neatly stowed away. The entire interior is bathed in the natural light that shines through the large windows and the skylight. And during the evening hours, the energy-saving 12-volt LED lighting provides a cosy ambience. Welcome to the world of TABBERT.

A PERFECTLY FORMED APPETIZER

A walk in the fresh air will whet your appetite – and a stylish kitchen will awaken your passion for culinary delights. You will find everything you need in the large drawers or in the pantry pull-out of your VIVALDI kitchen. Pots, pans and cutlery are ready in an instant. The soft-close damped drawers can be smoothly closed again. A three-flame cooker, stainless steel sink, a large 148-litre refrigerator (depending on layout): Features that are only available as options elsewhere are naturally included as standard on the TABBERT.

INNER VALUES COUNT

Take a close look. Even the table with its polished surface creates a dazzling impression. It blends harmoniously with the timeless living space, whose cheerful “Coimbra” furniture design line is accentuated with the black chrome metal handles. The premium overall impression is reinforced by the expertly crafted kitchen with its bright wood application and curved design. Wherever you are in the VIVALDI, you will feel the attention detail everywhere.

A RELAXED START TO AN EXCITING DAY

In the VIVALDI, every morning is a good morning. That is because we thought of everything you need for a good night's sleep. The generously-sized double or single beds are equipped with premium mattresses. You can even specify the highly acclaimed TABBERT comfort sleep system. The stylish fabric covering in the head area protects you from draughts.

WELCOME TO THE WELLNESS LOUNGE

A particular highlight of the VIVALDI is the TABBERT bathroom. Beautifully crafted locker elements, elegant shelves, large indirectly lit mirrored surfaces and high-quality fittings define the room's appearance. Depending on the layout, you can even look forward to a four-door cabinet or a cassette toilet. Particularly discerning customers can opt for high-quality comfort bathroom fittings, which even includes a separate shower cubicle.

VIVALDI

+ YOUR BENEFITS IN THE VIVALDI

EVERYTHING
IN ORDER

SIMPLY CLIMB ABOARD IMPRESSIVE

A sturdy aluminium vertical support at the entrance aids access.

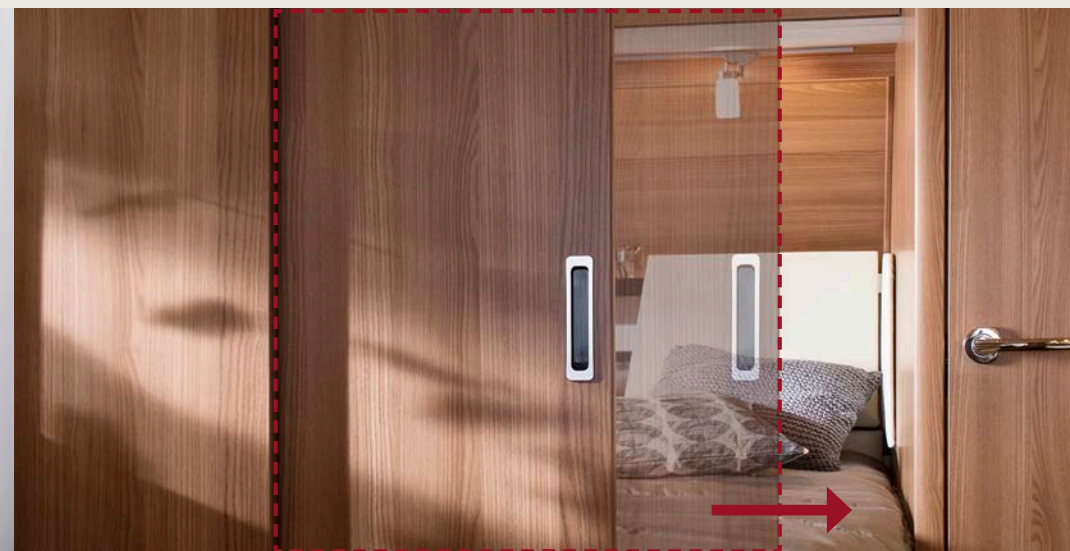

The bright 12-bolt LED awning light includes an integrated motion detector.

VISIBLY SAFE

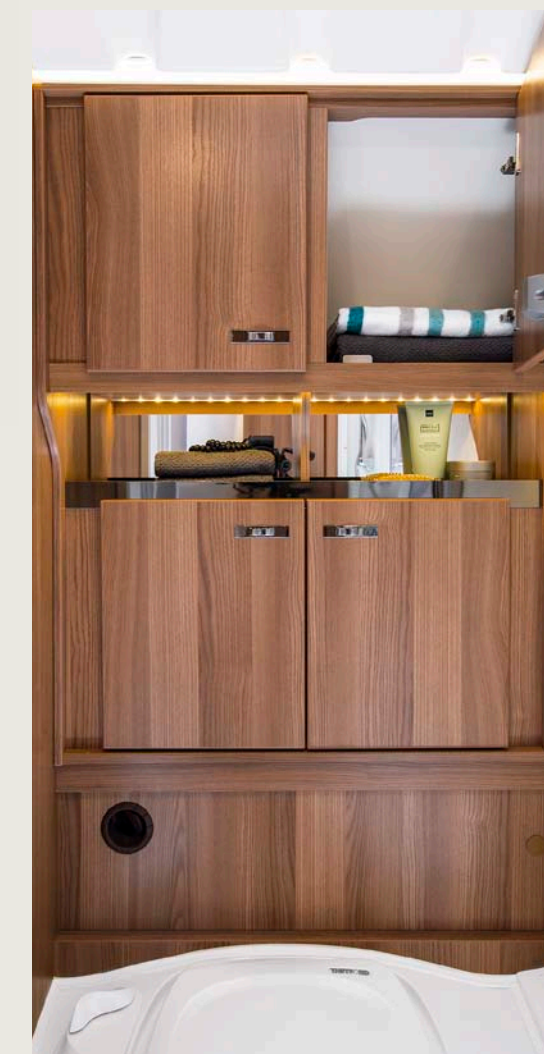

Rear lights featuring the fibre optic system and the TABBERT automotive design are not only attractive, but safe.

TIME TO BE ALONE

The wooden sliding door that glides easily and quietly between the living and sleeping area allows you to retreat into a private space.

A large four-door cabinet in the front or rear toilet room provides lots of space to store cosmetics and toiletries.

ENTRANCE AID

The deep, illuminated two-piece entrance door provides much more convenient access to the caravan.

A SMART IDEA

An elegant glass cover over the stainless steel sink provides an extra storage surface.

LET THERE BE LIGHT

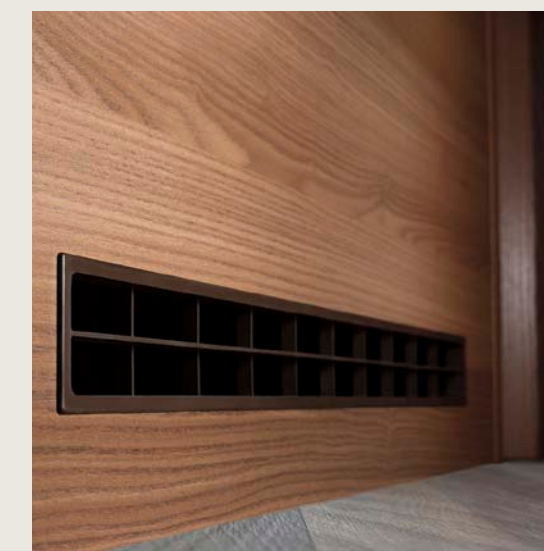

At night, the indirect 12-volt LED ambient lighting creates a magical atmosphere.

BRIGHT AND AIRY

The exceptionally large lift-tilt roof hood (960 x 655 mm) lets in light and fresh air.

CLEAN AIR THROUGHOUT

Ventilation grates in the benches and in the bed frame guarantee continuous air circulation and protect against water-logging.

HOLIDAY ENJOYMENT FOR CONNOISSEURS: WELCOME TO THE LUXURY CLASS

The sheer peace and relaxation of an idyllic valley. The sublime scale of a majestic mountain face. Nature in all its infinite variety. These are the abiding impressions and genuine experiences that you can only find while on holidays. With a top-class and sophisticated travel companion that meets all of your expectations. The automotive TABBERT PUCCINI.

YOUR SPACE FOR SOPHISTICATED STYLE

The PUCCINI leads the way and conveys an impression of uncompromising luxury. When the morning light streams through the room, it is not only the large skylights and windows that stage the interior of the PUCCINI to perfection. You will also be inspired by the high-quality fabric or leather covers on the generously sized seating area. The contrasting pilasters on the table, which perfectly match the chromed handles on the cupboards and drawers, provide additional highlights.

THE FASCINATION OF EXCEPTIONAL FLAIR

The generously-sized seating area invites you to sit and relax. Run your hand along the solid wooden edge of the lifting table on its central support column and cast your eyes over the gleaming mother of pearl coloured surface. Savour the luxury that surrounds you. The wooden décor with its warm “Noce Cognac” hue and the bright two-tone furniture doors with chrome handles and safety locks convey the elegance and style that you are entitled to expect in the luxury class and naturally from TABBERT.

A GOURMET TEMPLE FOR PERFECTIONISTS

The kitchen in the PUCCINI is magnificent. And above all spacious. With a mix of the finest materials. Be it on the kitchen worktop or on the deep drawers mounted on roller bearings. The three-flame cooker with electric ignition and cast grate will have you cooking in no time at all. The most important utensils can be safely stored in the large pantry pull-out (depending on layout). Available in many layout variants, a 148-litre refrigerator complete with freezer compartment offers plenty of space for food and drinks. The perfect recipe for the next meal is quickly found – because a kitchen equipped to meet every need inspires every cook.

GOOD NIGHT, AND AN EVEN BETTER DAY

After a restful night, you can look forward to a fantastic morning in the PUCCINI. As you arise from your heavenly permanent bed with its 5-zone cold foam mattress, the underfloor heating immediately warms your feet. It comes as standard, as does the layout-dependent wooden sliding door for slightly more privacy, or the elegant wall covering in the head area that keeps unwanted draughts at bay. You can also select the optional TABBERT comfort sleep system with flexible disk-springs and barrel spring core mattress. Naturally, we thought of everything in the PUCCINI to make you feel at home everywhere.

ROOM FOR BEAUTY

Just one look at the spacious and well equipped bathroom is refreshing. In the PUCCINI, it welcomes you with an indirectly lit mirror to underline the impressive feeling of space. Naturally, it is equipped with every modern convenience to satisfy the most discerning tastes. Depending on your preferred equipment version, you will even find a four-door cabinet for your bathroom accessories. Sometimes, you can have it all.

PUCCINI

+ YOUR BENEFITS IN THE PUCCINI

UNIQUE LIGHTING AMBIANCE

The refined lighting design incorporating indirect light creates a fascinating effect throughout the caravan – in addition, all lights can be individually and centrally dimmed. Economical 12-volt LEDs conserve the on-board battery.

A SHINING EXAMPLE

Form and function in perfect harmony: the design of the ceiling-mounted cupboard corner light not only looks good.

DESIGN THAT DELIGHTS

The high-gloss finish on the elegant curved furniture doors is a visual highlight – thanks also to the stylish chrome handles.

MAXIMUM SECURITY

The sophisticated safety lock mechanism on the ceiling-mounted cupboards ensures that the doors do not open by accident.

TWO IN ONE

Once the roll out has been pulled out, the comfy individual beds turn into a cosy resting area.

EQUIPPED WITH ALL MEDIA

The bespoke media board is the perfect place for your entertainment system and is prepared for a medium-sized flat screen television.

MASTERPIECE OF EXCLUSIVITY: SHOWING PERSONALITY ON HOLIDAY

Far removed from the everyday routine yet still very much at home – you have finally arrived at your dream destination and can see things more clearly. Contours and experiences no longer simply pass you by, but leave a lasting impression: In an environment that brings grandeur and design to new heights of perfection and speaks with a unique and clear voice: The fascination of the CELLINI luxury class can scarcely be described – but it can be experienced.

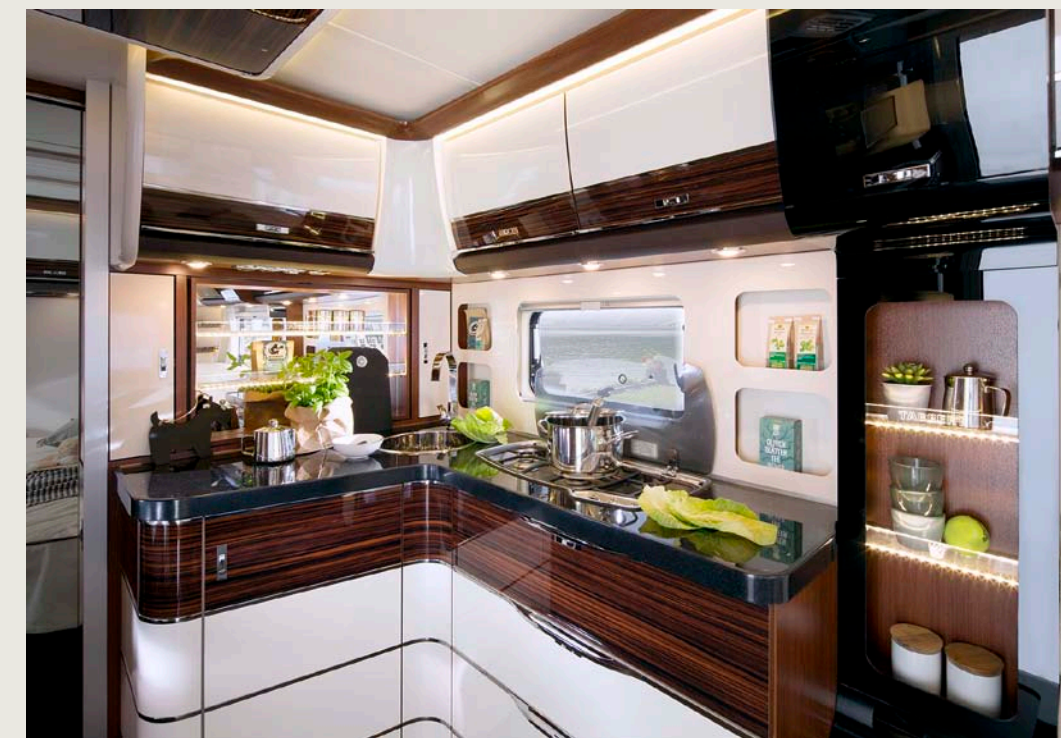

MORE **CLASS** FOR YOUR
INDIVIDUALITY

People with a sense of style and high expectations of individual exclusivity will love the CELLINI. Here, they will find beautifully coordinated details, which blend seamlessly into the spatial concept, but create a powerful visual effect. Linear chrome handles with integrated push-in plus locking draw the eye to the exclusive furniture design with cream-coloured accents. Upper compartments with their matt finish create striking reflections and frame the generously-sized seating area finished in genuine leather with extra-high backrests. The CELLINI caters to all the senses.

ENJOYMENT IS THE KEY

No matter where your spirit of adventure takes you, your appetite for culinary temptation is sure to follow. Here, you can indulge your wildest culinary dreams. You are surrounded by curved kitchen surfaces, a professional gas cooker with a rugged cast grate as well as generously-sized soft-close drawers and a wide pantry pull-out that glides open easily on roller bearings. The CELLINI is simply a delight.

OTHERS MAY CLAIM TO BE SATISFIED WITH LESS

A CELLINI celebrates its achievements with expert strengths. Central and separately dimmable ambient lighting guarantees unrivalled exclusivity by creating a harmonious backdrop – the perfect atmosphere for an evening packed with music or wonderful films. The media board with its elegant sideboard accommodates the world of multimedia with a swivelling 22" television and CD/MP3 radio player for your on-board cinema. Here, you can enjoy top-class entertainment. The climate control system fitted as standard ensures comfortable temperatures. Leave the world outside the door and immerse yourself in a new sphere of harmony.

EVERYTHING FOR THE NIGHT – RELIVE THE DAY

After every action-packed day, you need a comfortable night's sleep. The spacious sleeping area of the CELLINI delivers big time on that front. The cosy comfort of the double or single beds is achieved not only by the 5-zone cold foam mattresses, but also thanks to the flexible slatted frames. Standby LEDs provide discrete light for comfortable bedtime reading before you drift off to a well-earned sleep – to the dream world of the CELLINI.

BATHING IN LUXURY

Going barefoot on holidays is a particular pleasure. Especially if there is warm underfloor heating to caress your feet. And when you enter your bathroom area feeling refreshed, your excellent taste will be rewarded time and again by the contemporary chrome fittings and the warm light of the indirectly lit mirror cabinet elements. The strong yet smooth flow of warm water into the designer washbasin made of a ceramic-like composite material conjures up images of nature and bubbling streams. A wonderful feeling that stays with you. In your TABBERT CELLINI.

+ YOUR BENEFITS IN THE CELLINI

INNOVATIVE UNDERNEATH FANTASTIC FRONT AND BACK

The new underfloor concept houses bulky technical equipment and a heated storage space near the axle for a favourable centre of gravity.

LFI components (Long Fibre Injection) at the front and rear provide enhanced bodywork stability and aerodynamic performance and improve the insulation.

A BETTER VIEW

A 22-inch flat-screen television fitted as standard will entertain you and keep you in touch with current affairs.

CREATING SPACE AT THE END FOR NUMEROUS BENEFITS

The rear storage box is more than just a simple caravan luggage compartment: it also houses the electricity and city water connections, which enables the side walls to be designed without openings and thermal bridges.

ALL BASES COVERED

One-piece panelling for the lift-tilt roof hood and climate control system provides a neat look – lighting is included (optional).

STYLISH AND SAFE

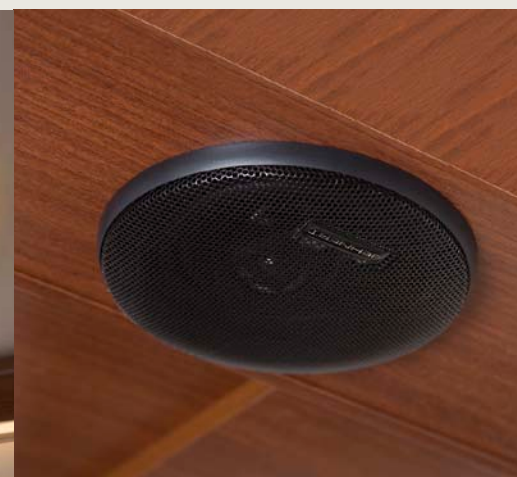

High-quality, durable and attractive push-lock handles on all furniture doors lock the overhead storage spaces safely and reliably.

ATMOSPHERIC

A sophisticated concept brings together the ceiling light with its smoked glass ring and crown emblem and the dimmable ambient lighting.

ON-BOARD CINEMA

Beside the television, a combined radio/CD/MP3 unit will entertain you via two pairs of loudspeakers in the living area and the sleeping area respectively.

REFRESHING

On hot days, you will appreciate the climate control system fitted as standard – while others swelter in the heat, you can enjoy the pleasant cool indoor climate.

SAFETY BY DESIGN

Elegant LED rear lights for tail lights, brake lights, indicators and fog lights are strikingly chic and enhance your safety.

TOP-CLASS SPACE MIRACLE: TAKING HOLIDAYS TO A NEW DIMENSION

Time and space are relative. Just like the space in the futuristic flagship of the TABBERT fleet. In the CELLINI SLIDEOUT, you will experience how relative space is transformed into absolute size in the most unbelievably fascinating way. No other caravan displays and combines such extraordinary engineering skill and such a unique interior ambiance so expressively as this TABBERT. Look to the front or gaze towards the back – this space miracle is truly without equal.

ON THE OUTSIDE, THE
BEST –
ON THE INSIDE, UNRIVALLED

You will have to believe what you see. Step inside and you immediately feel as if you have boarded a luxury yacht. Breathe in the freedom and exclusivity, as the extended walls and the expansive VIP lounge – with its extravagant leather couch and exquisite mix of materials – are overwhelming. The magical ambient lighting flatters the interior with its elegant piano lacquer and teak look. The ambition of combining extravagance with captivating comfort and ergonomics has been implemented to perfection.

DINE LIKE A PRINCE AND SLEEP LIKE A KING

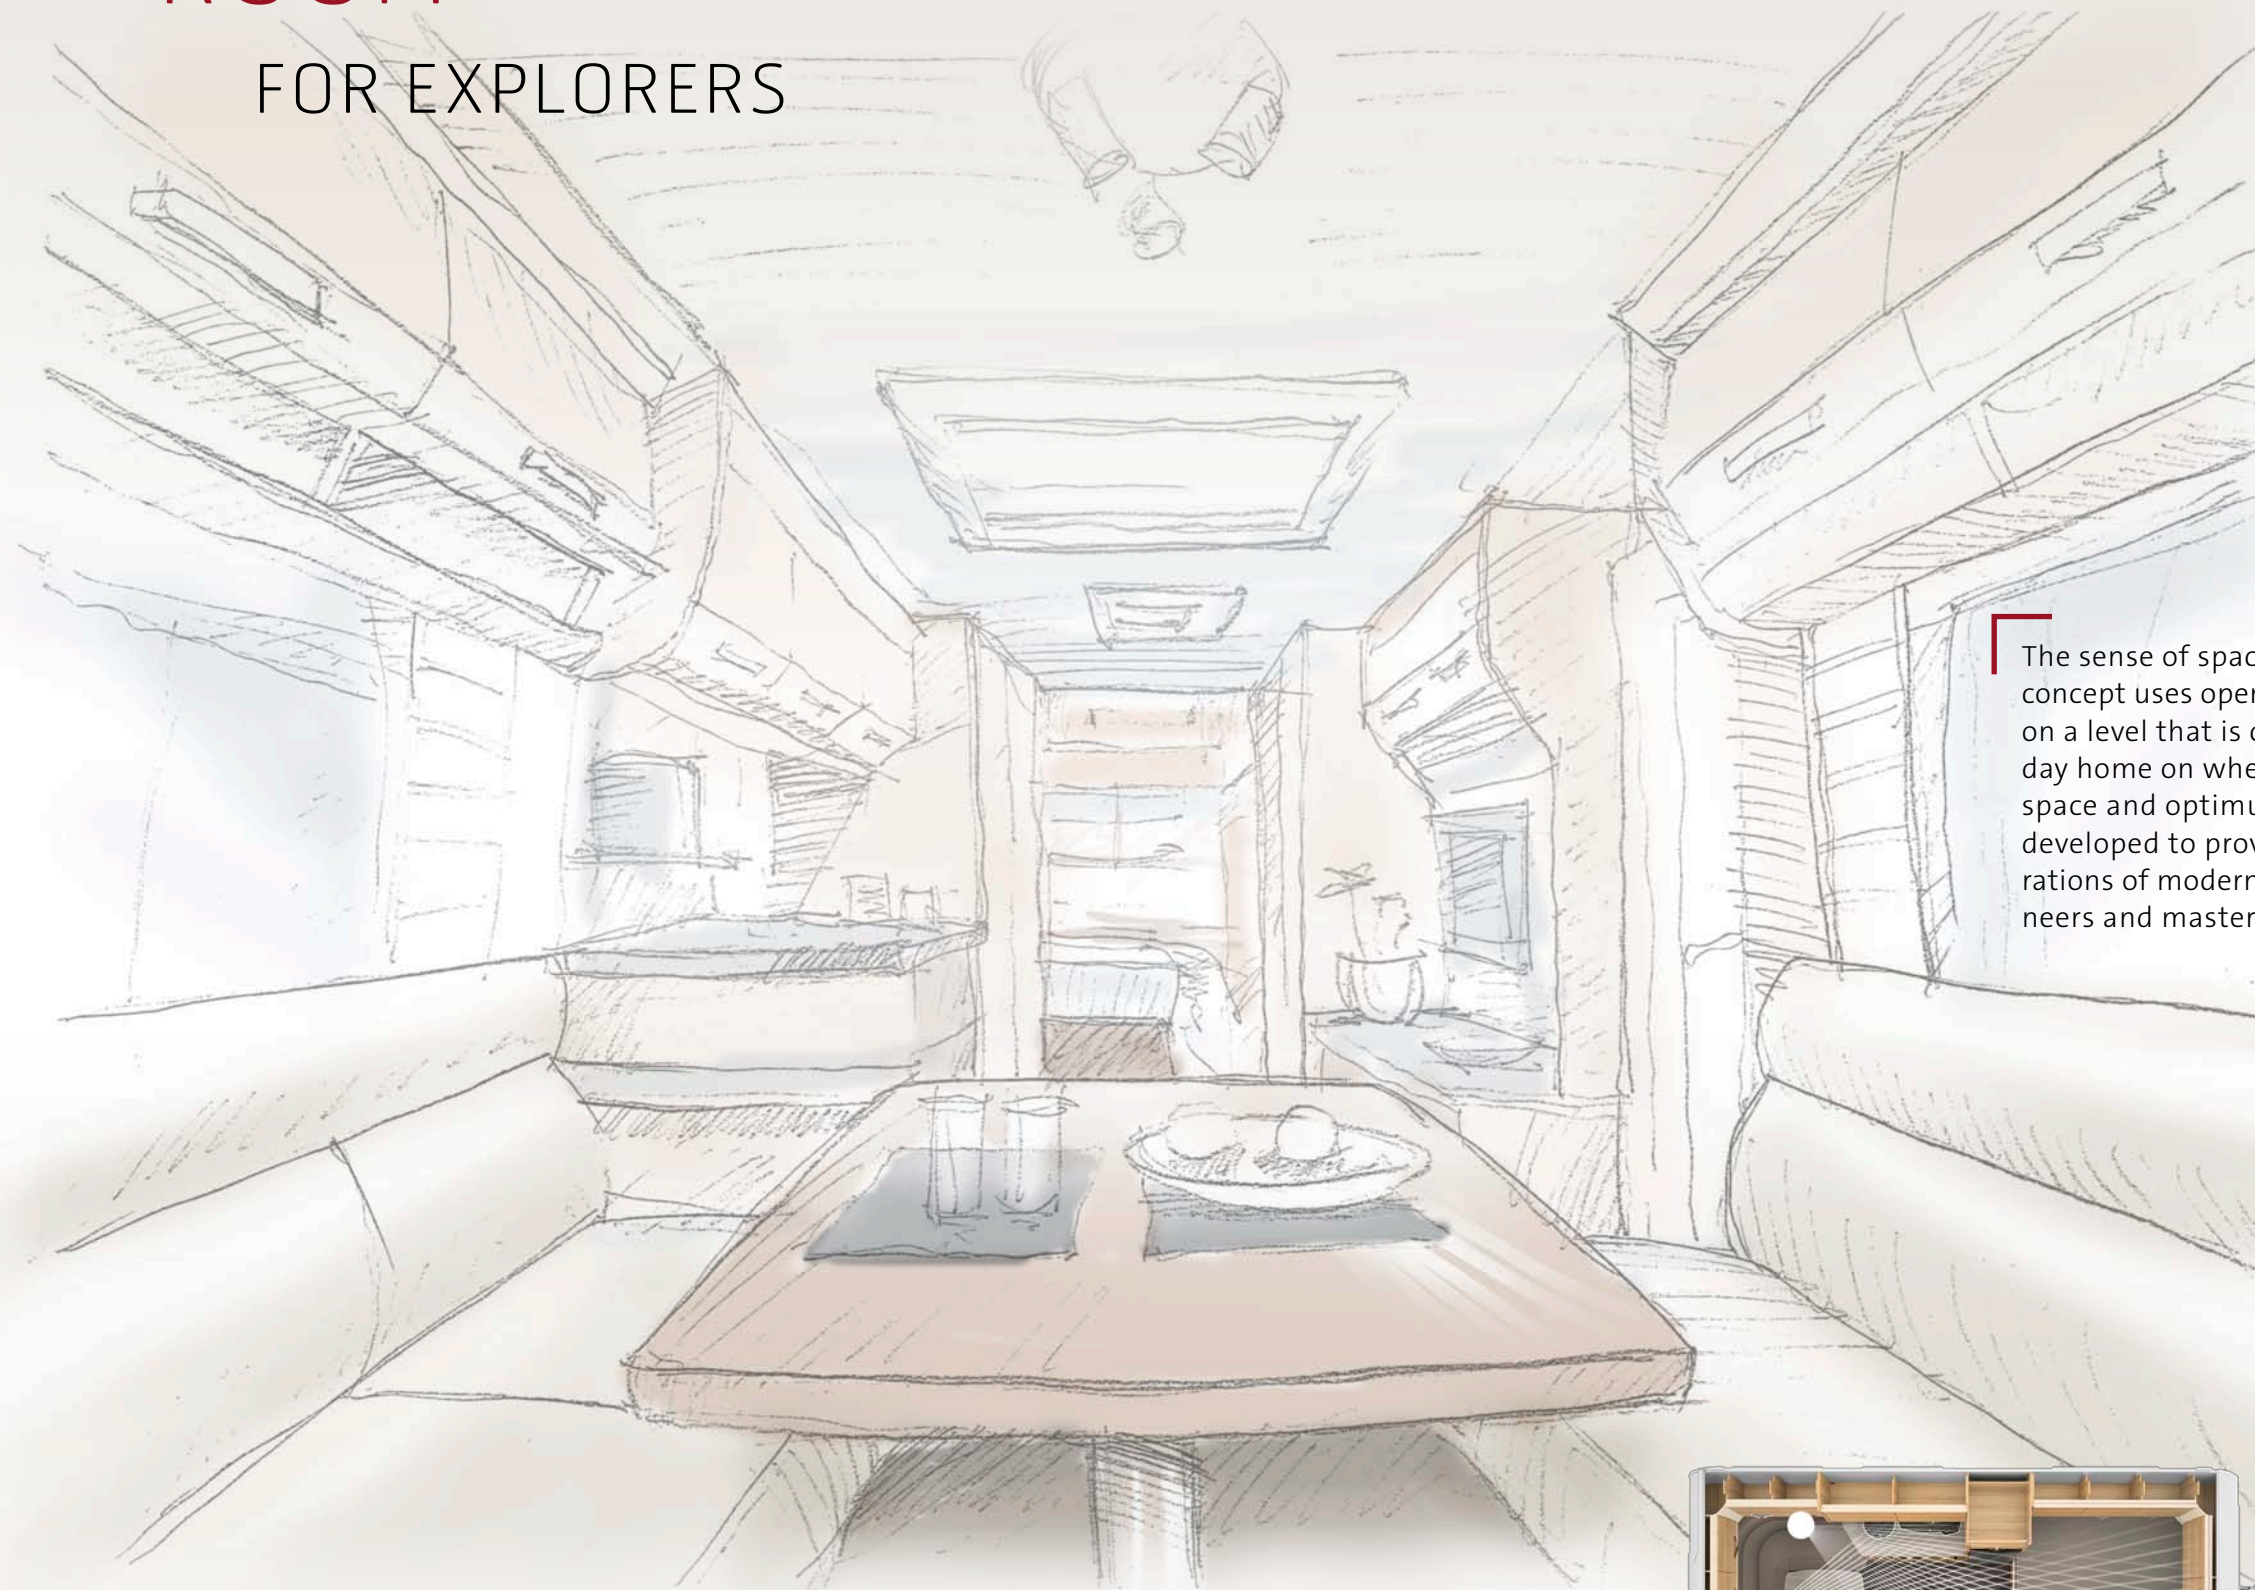

Even the most revolutionary idea must be meaningful and offer practical benefits. And there is no shortage of these in our flagship: With the slide-out function in the sleeping and kitchen areas, you are entering a new dimension of space. The queen-size bed as well as the expansive kitchen are unheard of in conventional caravans. Here, the interior appears to take a deep breath and open up new horizons. If you always strive for the best things in life, you have reached your goal here.

IF EVERYTHING FITS,
IT MUST BE A
TABBERT

ROOM FOR EXPLORERS

The sense of space in a TABBERT sets new standards. Our interior concept uses open lines of sight to achieve freedom of movement on a level that is closer to that of a luxury apartment than a holiday home on wheels. In addition to their excellent use of storage space and optimum weight distribution, all TABBERT layouts are developed to provide an ambience that perfectly fulfils the aspirations of modern living. This is the maxim of our designers, engineers and master craftsmen. Hour by hour, day by day.

Thanks to open lines of sight, you experience an exceptional feeling of space.

Plenty of room to manoeuvre thanks to the smart design of the interior layout.

COMFORT

MORE DURABLE SEATING AND SNUGGLING COMFORT

SAMPLE FABRIC ATMOSFERA

SAMPLE GENUINE LEATHER GRAZIA

One of the best parts of any holiday is the long days. And friends gather round in the seating area of a TABBERT, the evenings can become just as long. Cosseted in this ultimate kind of seating comfort, time slips by unnoticed. High-quality, durable and exceptionally ergonomic cushions with high backrests are particularly inviting. On cold days, a well ventilated winter backrests stops you getting a chill from the window fronts. And if you really want to make yourself comfortable, simply pull out the middle seating area in this horseshoe seating arrangement. It feels just as good as the easy-care cushion covers made of high-quality textiles, imitation or even genuine leather.

The seat cushion can slide in and out by 120 millimetres: making a big difference when it comes to the comfort of the fifth seat in the horseshoe seating arrangement.

COMFORT

BETTER SLEEP FOR A BETTER HOLIDAY

A good night's sleep is the best way to start a perfect day of a holiday. Therefore, we set the very highest standards of sleeping comfort in our TABBERT models. Look forward to wonderful nights. An extra-comfortable 5-zone cold-foam mattress in your permanent beds provides exactly the right level of support for the head, shoulders, back, hips and legs.

BED TYPES

Queen-size bed

French bed

Single beds

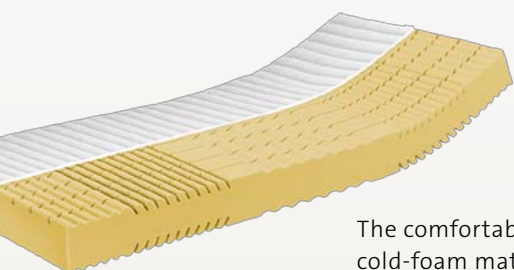

Transversal bed

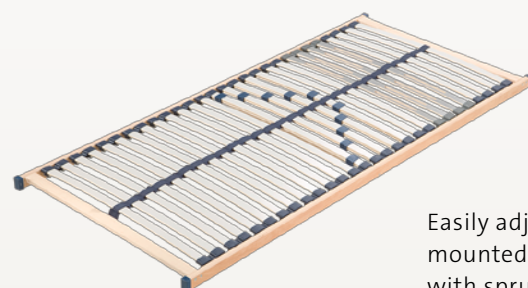

Bunk beds

SLEEPING COMFORT AS STANDARD

The comfortable 5-zone cold-foam mattress

Easily adjustable rubber-mounted slatted frame with sprung wooden slats

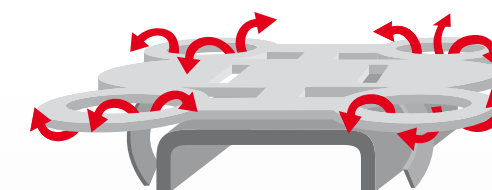

THE TABBERT COMFORT SLEEP SYSTEM

Those for whom the high-quality TABBERT sleep system is not enough will be delighted with the TABBERT comfort sleep system. Just take care that you don't sleep through your entire holiday.

ADVANTAGES OF BED BASES WITH DISK-SPRINGS

- High point-elastic sleeping area (in 2 levels)
- Very low contact area between disk-spring bed base and mattress
- Excellent ventilation of the sleep system, excellent humidity management
- Individual 5-step headrest adjustment
- Laminated wood frame offers exceptional rigidity
- All wood components comply with the E1 standard (low formaldehyde/free of heavy metals)

Load distribution due to moving disk-springs

ADVANTAGES OF BARREL SPRING CORE MATTRESS

- High point elasticity of the sleeping area
- Excellent ventilation of the sleep system
- Excellent humidity management
- Removable and washable up to 60°C (do not tumble-dry)
- The jersey cover makes it much easier to pull the cover back over the inner core after it has been washed
- Suitable for allergy sufferers

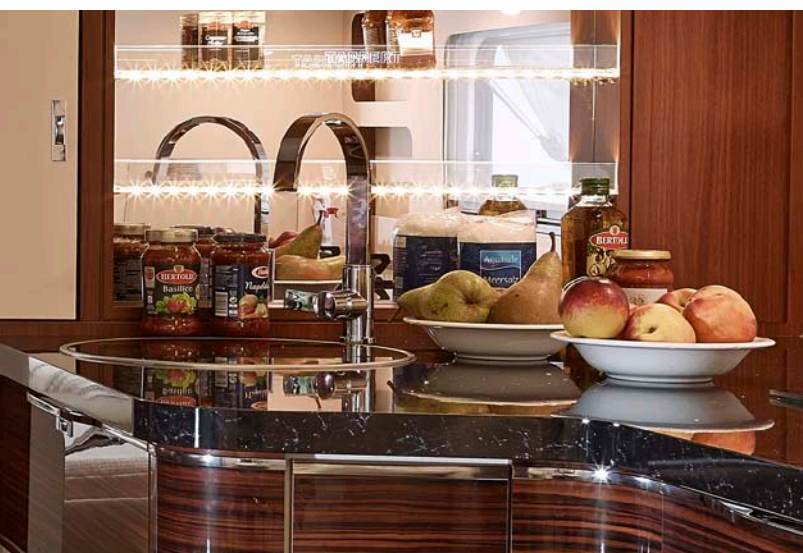

Barrel spring core mattress

COMFORT

THE GREAT STAGE FOR CULINARY ARTISTS

They look every bit as good as the tasty dishes that you prepare in them: the elegant TABBERT kitchens. The secret recipe involves bringing together the finest ingredients to create a unique combination. A modern gas cooker, a stylish stainless steel sink with attractive fittings, high-grade furniture design lines, large kitchen cupboards and worktops as well as a luxury refrigerator. And all refined with a dash of elegant design. After all, you are also preparing a feast for the eyes.

Perfection wherever you reach: From the drawers mounted on roller bearings with long pull-out sliders featuring an automatic soft-close function to the handy mini-counter for the coffee machine. Everything is ready for your gala dinner – be it big or small.

Wherever you look, this award-winning kitchen sparkles and gleams. Elegant curved worktops and high-quality design fittings are beautifully presented and promise sheer cooking pleasure.

The three-flame cooker, complete with electronic ignition, safety pilot, cast grate and flame protection, is set into the worktop towards the rear, leaving plenty of free work space at the front for the chef.

Reaching new heights on the storage front: both practical and refined, the little TABBERT counter (depending on layout) in the kitchen. Perfect for the coffee machine, for example.

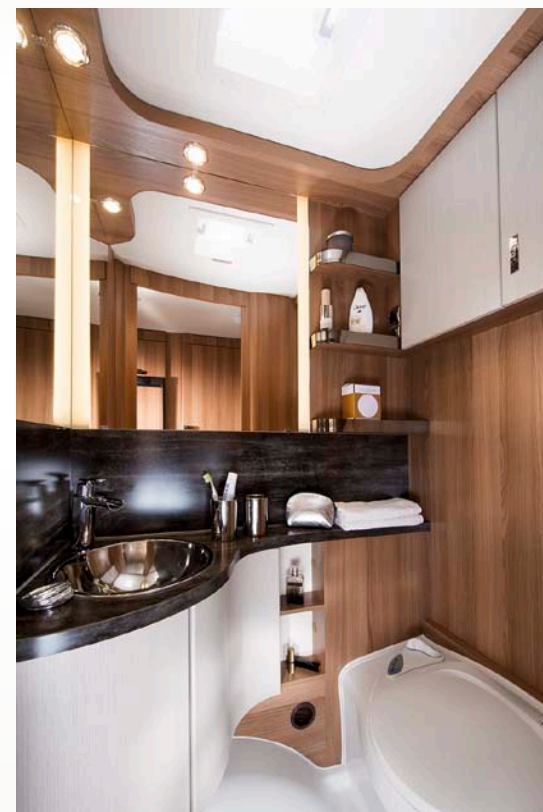

Enough provisions for extended journeys: depending on the layout, the large refrigerator with freezer compartment offers plenty of space – a great deal of space up to 189 litres (optional).

COMFORT

BEAUTIFUL BATHROOM WITH A SPA ATMOSPHERE

The bathing area in the TABBERT is carefully crafted and offers top-class fittings. With a combination of elegant wash-basins, designer fittings, mirrors with indirect lighting, a shower with a high-quality partition wall and any amount of storage space. Depending on the layout, the bathroom is equipped with a circular or cassette toilet and even with a four-door bathroom cabinet. Fortunately, there is no need to sacrifice an exquisite ambience even when you are on holiday.

Branded quality: The bathroom is equipped with a high-quality Thetford cassette toilet (depending on layout).

COMPETE WITH THE STARS

A highlight of every TABBERT caravan is the intelligent lighting concept, not just in the interior but also outside. The application of both indirect and direct light creates an atmospheric ambience in the interior while spots show off your favourite accessories in their best light. Outside the door, an awning light that is both elegant and robust reacts automatically to approaching visitors. In addition, the awning light strip creates just the right amount of light for cosy evenings on your TABBERT terrace.

For atmospheric evenings, there is ambient lighting with indirect radiant LEDs – available exclusively as 12 V versions (optional in the ROSSINI and DA VINCI).

Flicker-free, long-lasting and moveable reading spotlights shine a bright and focussed beam of light wherever you wish.

A sophisticated concept brings together the ceiling light with its smoked glass ring and crown emblem and the dimmable ambient lighting.

Two shining design elements: The energy-efficient LED technology in the kitchenette canopy and the ceiling lamp that adds touches of colour in the living area.

Form and function in perfect harmony: the design of the ceiling-mounted cupboard corner light not only looks good.

The bright, energy-saving LED light – equipped with a motion detector as standard (optional on the ROSSINI and DA VINCI) – provides good visibility under the awning and safety at night.

See how the evening transpires: the dimmable awning light strip provides the perfect lighting for relaxed conversations (optional).

CLIMATE

IN SUMMER AND WINTER: A WELL BALANCED HOLIDAY CLIMATE

A pleasant climate should prevail not only at your holiday location, but also in your caravan. For this reason, a TABBERT is constructed so that you can enjoy optimum temperatures in your caravan throughout the year.

The patented TABBERT roof (fitted as standard from the DA VINCI on) guarantees air circulation, optimum temperature insulation and 9 dB of sound insulation (1.5 times quieter).

High backrests provide optimum protection against winter cold, allow optimum circulation of warm air and prevent condensed moisture. In this way, a uniform and healthy interior climate is guaranteed.

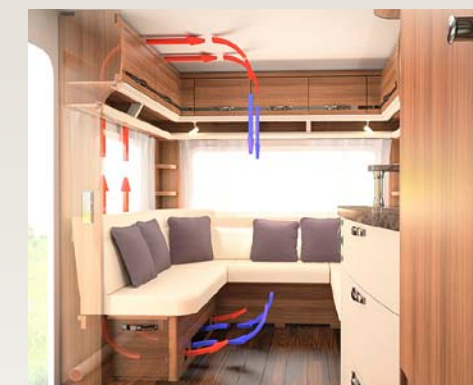

The 47 mm thick, well-insulated floor guarantees warm feet. Starting from the VIVALDI series, additional under-floor heating provides a special feeling of well-being (optional on some models).

The thermal insulation in the head area keeps cool air at bay.

The rear-ventilated upper compartments and seat storage boxes prevent condensed moisture and provide a uniform interior climate.

Warm in winter, cool in summer thanks to well insulated Seitz windows with double glazing.

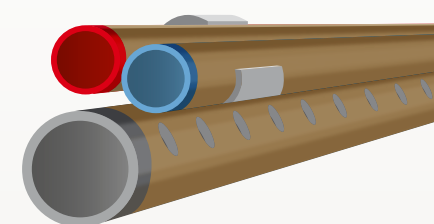

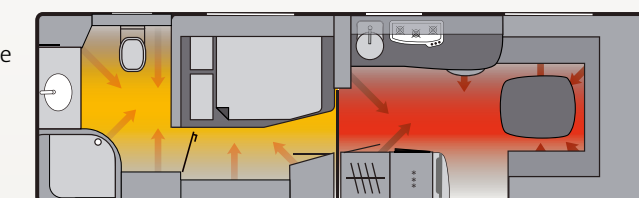

The rear-ventilated front storage box with air nozzles in the window sill eliminates thermal bridges at the front window and prevents unwanted condensation (from the VIVALDI on).

The interior heats up quickly thanks to the modern and centrally positioned heating system (Truma S 3004 or S 5004 from body length 5,680 mm).

ADDITIONAL TABBERT CLIMATE HIGHLIGHTS

- The 31 mm thick side walls, the TABBERT roof and the 47 mm thick frost protection floor.
- Perfectly sealed windows and doors ensure a draught-free interior.
- All outside windows can be fitted with optional insulation mats attached to the awning strips to reduce thermal bridges. Even the front and rear windows can be fitted on request.
- In caravans with a body length of 5.50 metres and greater, the temperatures in the living and sleeping area can be steplessly and separately regulated by a 2-climate-zone 12 V blower.

To protect against frost, all water pipes are laid alongside the heating hoses.

The heating hoses are precisely adjusted with clips and vented to ensure the even distribution of warm air around the interior.

STORAGE SPACE

Storage space for bulky items: The high service flap in the bed area allows large items of luggage to be loaded easily and conveniently.

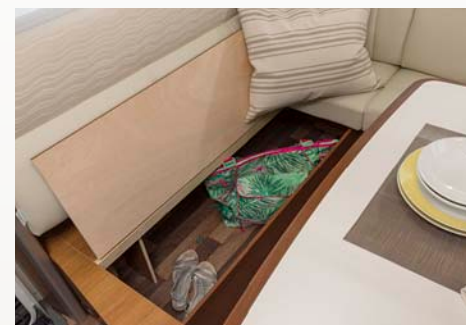

The storage space below the bed is easily accessible – a rugged mechanism with a hold function and a gas pressure damper make handling child's play.

PLENTY OF ROOM FOR GREAT ADVENTURES

It goes without saying – you will want for nothing while holidaying in a TABBERT caravan. Here, your fellow travellers can pack all the things they want to bring with them on holiday. The design systematically exploits every bit of free space by turning it into easily accessible storage space. The fact that this is done in the heated area is a significant advantage, and not just on winter camping trips.

The full-size, deep wardrobe allows crease-free storage of clothing on hangers.

Large items such as bedding are easily stored in the seat compartments.

The lower bunk bed can be folded up in just one step to create a large loading area that is also easily accessible from the outside via the garage door (optional).

Here, you will find plenty of space for frequently used items: the upper compartments are equipped with adjustable shelves, which allows them to fit large items.

The cavernous front storage space can house more than just gas bottles and is exceptionally easy to load and unload.

SAFETY

EVERYTHING TO BRING YOU SAFELY TO YOUR DESTINATION

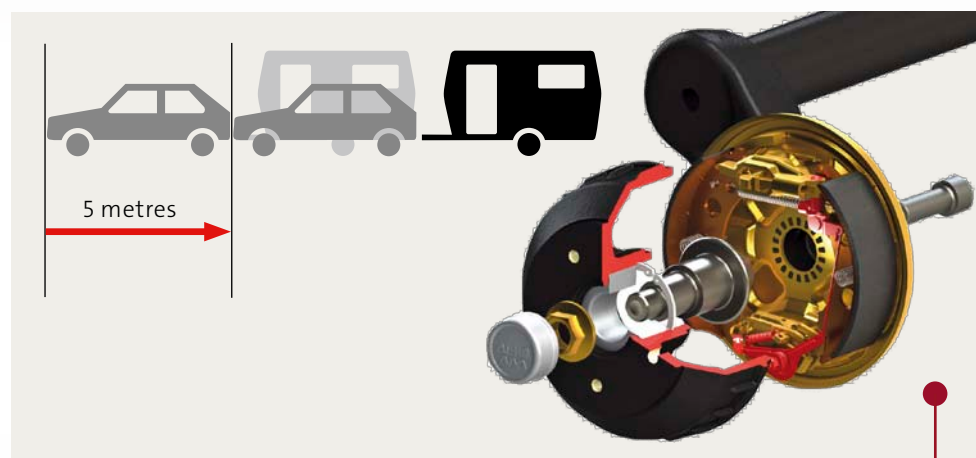

TABBERT stands for safety and has received numerous awards for this in the past. And with good reason. All TABBERT caravans offer uncompromising and comprehensive levels of safety equipment. This means you are also equipped to deal with unpredictable situations. When it comes to driving and vehicle safety, TABBERT sets the standard for the industry.

Lateral clearance lights provide enhanced safety for night-time driving and make it easier to manoeuvre in the dark.

AL-KO CHASSIS FOR HANDLING DYNAMICS AND SAFETY

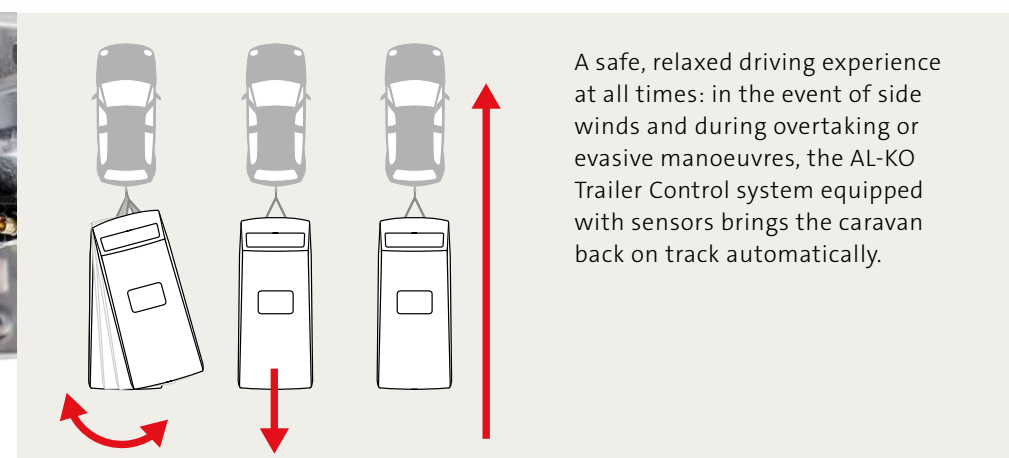

Superlative braking effect even without continuous brake inspection: The AL-KO AAA premium brake is self-adjusting – and reduces braking distances by up to five metres.

High-quality branded tires with high load-bearing reserves ensure optimum handling characteristics, even with a full load.

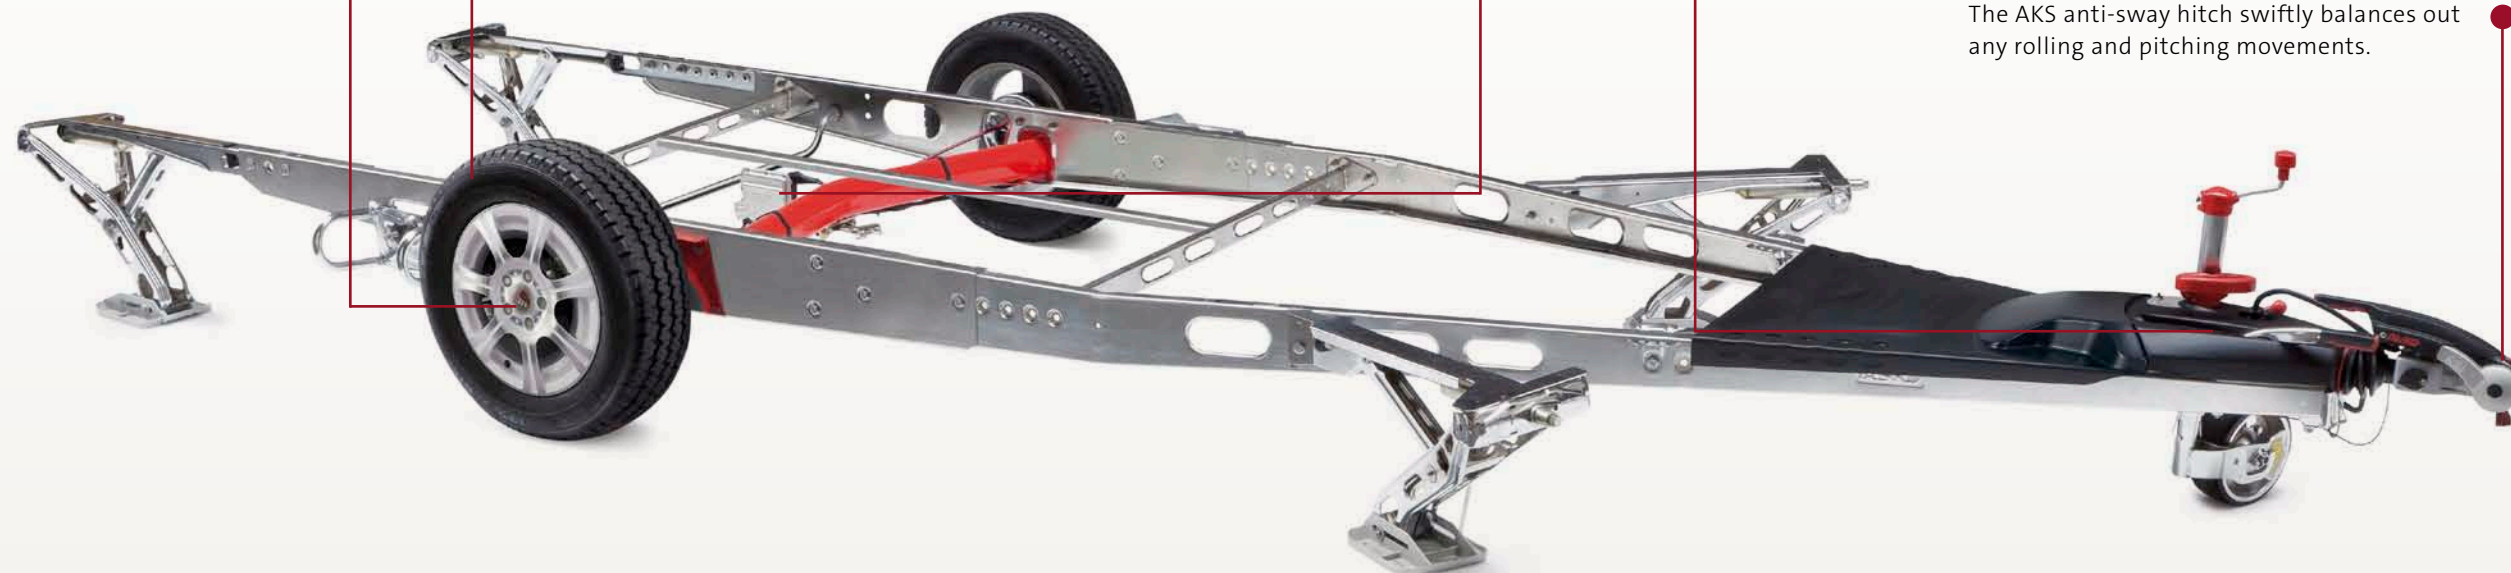

Excellent driving safety is guaranteed by the electro-mechanical anti-skid system ATC (AL-KO Trailer Control) ...

... which continuously monitors all driving states with the help of ball-bearing-mounted sensors. If critical signals are detected, immediate brake intervention is triggered.

Rear lights featuring the fibre optic system and the TABBERT automotive design are not only attractive, but safe.

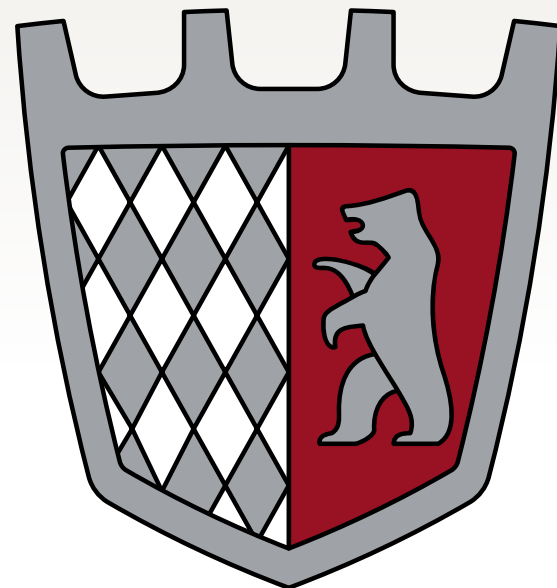

The AKS anti-sway hitch swiftly balances out any rolling and pitching movements.

SAFETY

CAUTION IS THE BEST POLICY

If you want to play it safe, you are in the right place: TABBERT provides its caravans with excellent protection against unpleasant situations. For many years now, virtually no other brand has demonstrated more comprehensive safety precautions. This traditional strength sets all our current series apart. Also when it comes to the bodywork.

Safe is safe: on warm days, the two-part TABBERT door allows fresh air inside and with its sophisticated three-bolt lock system leaves unwanted guests outside.

The TABBERT window lock is twice as secure. It can only be opened if the additional push-button is pressed.

Cutlery and glasses are well protected in the kitchen drawers and ceiling-mounted lockers – thanks to the self-closing safety locks.

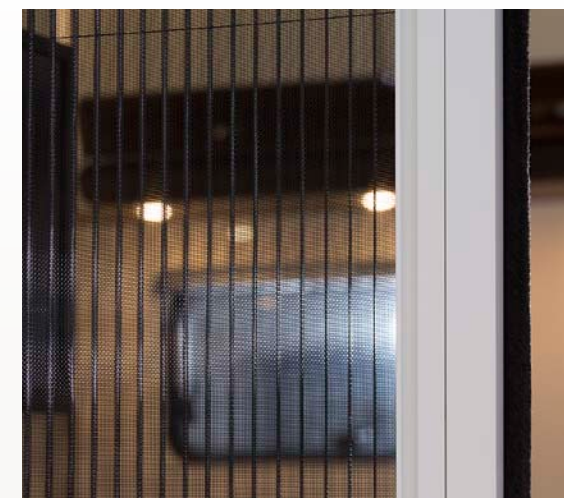

Simple but effective. This protective feature prevents damage to the rear of the caravan if it is tilted unexpectedly.

The sturdy heavy-duty struts guarantee a secure footing free of vibrations (AL-KO Big Foot optional).

Danger detected, danger averted – the live-saving and standard-fit smoke detector warns of the risk of fire in good time.

The premium mosquito-netting door in the rail-guided metal frame lets fresh air in but keeps unwelcome winged visitors outside.

LONGEVITY

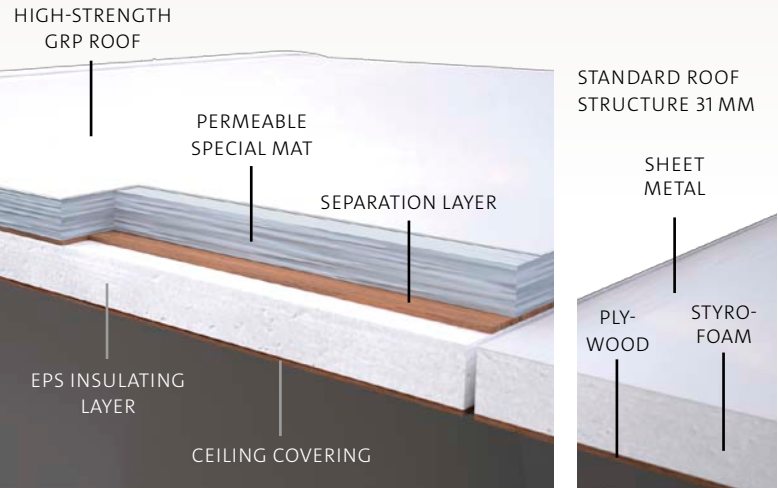

STRONGER THAN TIME –
TABBERT

A TABBERT caravan stands for enduring quality. This high level of commitment is reflected in every detail. Our systematic quality philosophy extends throughout the production process. From intelligent design, to the selection of the high-quality material mix all the way to the flawless workmanship. TABBERT – the brand for those who value durability and lasting value.

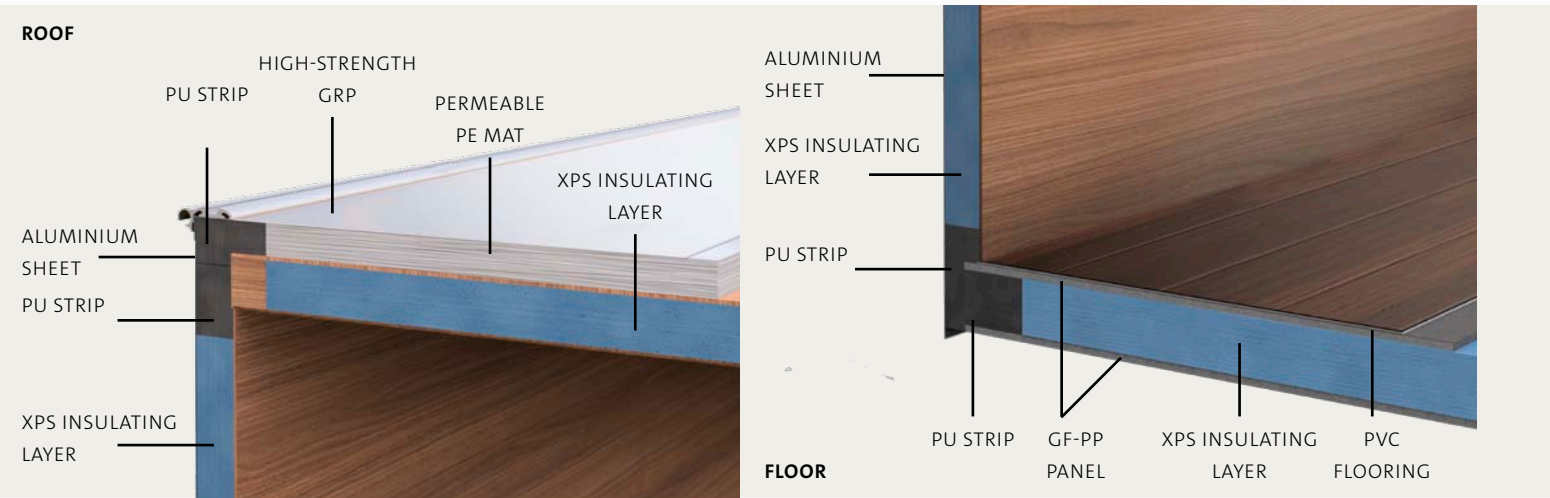

Provided that the caravan is inspected annually by a skilled specialist, we offer a 6-year leak-proof warranty on all of our models. For dry comfort at all times.

TABBERT 58 MM ROOF STRUCTURE

Reduces insurance premiums and increases the long-term value: The 1.4 millimetre thick high strength GRP roof over the thick, rear-ventilated insulation.

TOP VALUE TECHNOLOGY (TVT)

Minimum weight, optimum insulation and maximum durability – TABBERT’s optional Top Value Technology (TVT) combines three key advantages. The construction of the roof, side walls and floor replaces wood, which is susceptible to weathering, with high-grade modern materials. This makes the caravan both lighter and more robust. The high-strength roof made of GRP offers reliable protection against rain, snow and hail.

The ceiling-mounted lockers not only look attractive, but also feature sturdy bases with reinforcing elements and wooden mouldings.

Visibly flawless workmanship, flush surfaces and narrow gaps on three-dimensional structural elements leave a lasting impression.

Breathable reinforcement mouldings made of thick solid wood used in the interior fittings guarantee unyielding rigidity.

Top-quality hinges for ceiling-mounted lockers doors and pre-drilled adjustment options for reinforcing intermediate shelves are a matter of course.

It runs quietly and closes safely – the sturdy wooden sliding door with its silent, adjustable internal castors (from the VIVALDI on, depending on layout).

The superlative quality of the precision work is also especially evident in inaccessible areas that are out of sight.

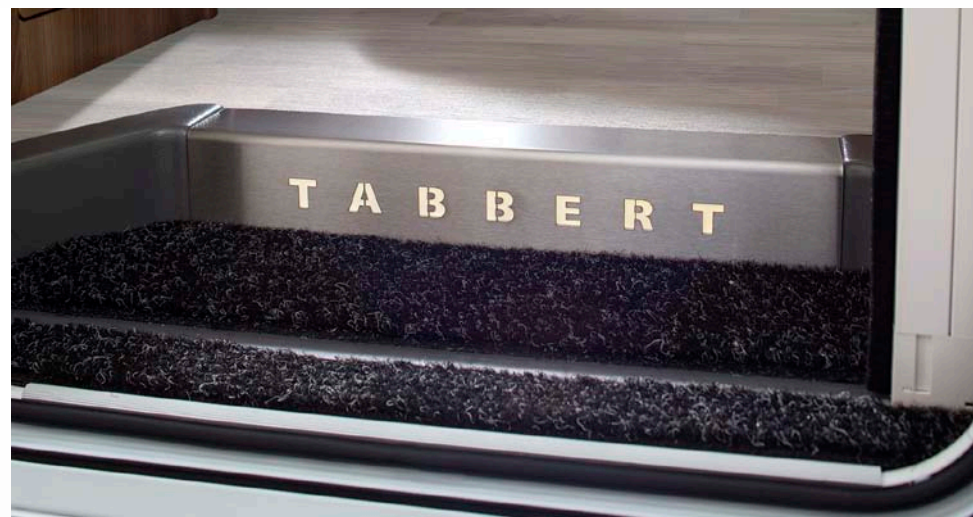

Safe technology attractively presented: The economical 12-volt LED lighting strips fitted are protected against accidental contact, short circuits and corrosion.

INNOVATIVE SOLUTIONS AS STANDARD

Our unique passion and our more than 60 years of experience developing high-quality caravans are evident in everyday use. Also in the practical details and the little things to ensure that every day leaves thoroughly enjoyable memories.

Typical TABBERT: The metal cover that we developed opens the hood on the large front storage space parallel to the wall and holds it securely in position – for safe and easy access to the loading area. Even a bicycle carrier placed there can remain fully assembled. The storage space itself has no loading sill, is extremely roomy and its floor is protected with aluminium chequered plate. This makes it sturdy and durable and improves its winter performance.

Two-piece entrance door: A particularly deep step bearing the attractive TABBERT brand label lights your way and aids your entry.

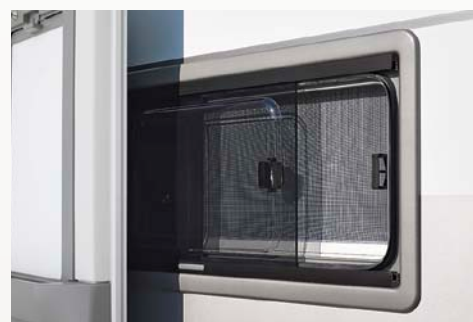

To help you safely load and unload items, the smooth-running door hinges on the ceiling-mounted lockers are fitted with high-tension springs with a hold function.

As with all TABBERT installations, technology and storage space are clearly separated from one another. The same applies to the well protected Truma Therme water heater.

The technical control centre, which is safely housed in the wardrobe, gives you instant access to all key electrical functions in the caravan. For instance, the powerful 350 or 400 watt 12-volt power supply and converter. In the CELLINI, the technical systems are installed under the floor near the axle to provide a favourable centre of gravity.

A sliding window in the kitchen allows the entrance door to be fully opened, even if the kitchen window is open.

Not just a design element. The shunting bar at the back makes it easy to park a TABBERT by ensuring an even distribution of force.

The ergonomically shaped manoeuvring handles at the back are very practical.

Quality in detail: The perfectly sealed waste disposal tunnel for the toilet is fully enclosed and superbly protected.

The 45-litre fresh water tank fitted as standard is easy to fill and to clean. To ensure optimum weight distribution, it is housed at the back of the caravan.

USB socket: the handy charging point for smartphones, tablets or cameras (depending on model).

THE LEGEND TABBERT

When master bodywork builder Alfred Tabbert presented his first caravan to the public in 1953, he struck a chord with an entire generation. The years of the 'economic miracle' in Germany ushered in elegance, chic and a new self-confidence that TABBERT skilfully conveyed in his exterior and interior designs.

People wanted to – and could – afford to indulge themselves. "La Dolce Vita" captured the hearts of an entire nation. Europe wanted to travel and enjoy life to the full. TABBERT designed the products to enable this – products that stood out with their unique mix of materials, stylish interiors, high-quality workmanship and practical design solutions. And so it remains today.

TABBERT CUSTOMERS ENJOY PREMIUM STATUS

TABBERT VIP CLUB

Welcome to the club. Immerse yourself in the TABBERT premium world. To celebrate the New Year, our lifestyle magazine TABBERT MOMENTS presents an exquisite selection of the most beautiful camping sites in Europe. We also show you some exciting holiday destinations, culinary treats that are easy to prepare, and a host of valuable tips covering all aspects of the world's most wonderful holiday pursuit. With the TABBERT VIP CLUB card, you can also avail of our alternating annual premium benefits.

TABBERT CUSTOMER MEETINGS AND FACTORY TOURS

TABBERT fans from all over Europe gather every year for an entire weekend in September to exchange information and simply enjoy themselves in convivial surroundings with a varied schedule of social events. The event's popularity is ultimately reflected in the large number of regular visitors who return each year, when it's time to: set up camp for the TABBERT customer meeting.

TABBERT NEWSLETTER

Do you want to hear the latest news from the TABBERT premium world? If you want to receive all our latest news and avail of all the TABBERT VIP CLUB special offers, sign up for our free newsletter. It is well worth it.

TABBERT SHOP

Those who own a TABBERT also like to advertise the fact that they do. Therefore, you will find a wide variety of high-quality TABBERT outdoor & sportswear as well as handy camping accessories in our shop at: shop.tabbert.de

TABBERT EXPERTS

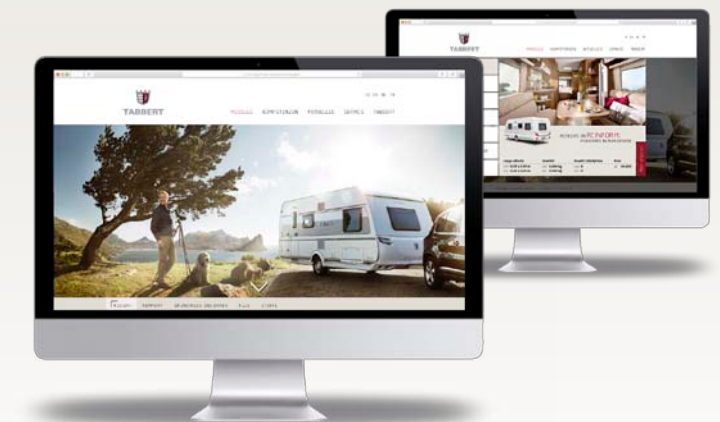

TABBERT caravans are renowned for their high quality, clever details and practical emphasis. Everything in a TABBERT functions the way it should.

To ensure that this remains the case, our customers act as TABBERT experts to test and evaluate our products critically and exhaustively in real-world conditions. Find out more about our experts at: experten.tabbert.de

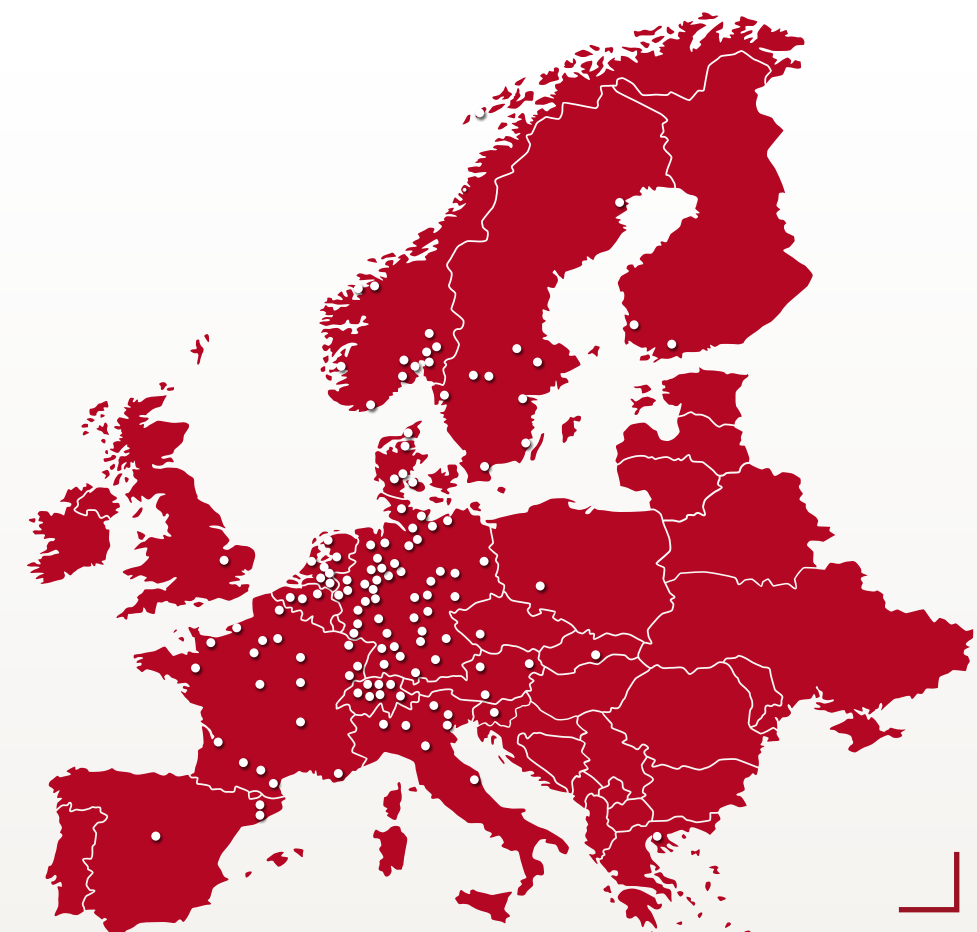

TABBERT ONLINE

You can find all the information about our products and events along with exciting videos about our solutions, and lots more besides, on our website. Visit our Facebook page to read about our latest innovations and connect with TABBERT fans throughout Europe.

TABBERT PREMIUM SERVICE NETWORK

Travelling with a TABBERT premium caravan, you know you will be well looked after wherever you go. This commitment is intrinsic to everything we do – and especially to our service. This is why our TABBERT service partners are the best providers in each region. We conduct regular audits and special training programs to ensure that you receive professional assistance wherever you need it. Throughout Europe. Personal, direct, person to person. So that your decision to go with TABBERT always remains a good one.

GIVE YOUR TABBERT EVEN
MORE PERSONALITY

In a TABBERT, you can express your personal taste in a very special way. In each series, you can choose from a variety of high-quality, breathable and easy-to-clean upholstery. Whether fabric, imitation or genuine leather – you will always make a good choice.
